

Practical Informations

Registering

- ▶ On line: <http://sftg2015.sciencesconf.org>
- ▶ Mail: Benoit Basset (colloque SFTG), IUT de Caen, ABTE EA 4651, Bd du Maréchal Juin, CS 14032, 14032 Caen Cedex 5, France

Registration fees	
<input type="checkbox"/> SFTG members	220 €
<input type="checkbox"/> SFTG non members	330 €
<input type="checkbox"/> Students (gala dinner included)	50 €
<input type="checkbox"/> Poster (dead line for abstracts: 31/05/2015)	

To reach

Pôle des Formations et de Recherche en Santé (PFRS),
2 rue des Rochambelles, 14000 Caen

From railway station or town center:

- Tram line A, direction Caen campus 2, stop Claude Bloch or CITIS

Overland:

- Ring road North, exit n°5 (CHU Côte de Nacre), direction Courseulles - Douvres la Délivrande. Hang a right at the first roundabout (Bd Becquerel), access right at oval «CITIS» roundabout.

Forum of the French Society of Genetic Toxicology (SFTG)

2nd & 3rd July 2015

Pôle Régional des Formations et de Recherche
en Santé, Caen

Genotoxicity : Exposure, Risk Assessment and Health Impacts

Thursday 2nd July 2015

- 09h30** **Welcome - coffee**
- 10h00** **Session 1: genotoxicity of environmental pollution: state of the art**
▶ Opening lecture: Health Impact of atmospheric pollution.
-Dr **Béatrice Fervers**, Centre Léon Bérard, Lyon
- 10h45** ▶ Sampling and physicochemical characterization of air pollutants
-Dr **Fabrice Cazier**, Université du Littoral Côte d'Opale, Dunkerque
- 11h15** ▶ Genotoxicity and epigenetic alterations of urban and industrial pollution
-Dr **Sylvain Billet**, Université du Littoral Côte d'Opale, Dunkerque
- 11h45** ▶ Genotoxicity of diesel exhaust and cancer risk
-Dr **Véronique André**, Université de Caen Basse-Normandie
- 12h30** *Lunch - Buffet*
- 14h00** **Session 2: Advances in radiotoxicology**
▶ Risk assessment of low doses, cancer and non-cancer effects
-Dr **Dominique Laurier**, IRSN, Fontenay-aux-Roses
- 14h30** ▶ Molecular pattern of radiation-induced tumors
-Dr **Sylvie Chevillard**, CEA, Fontenay-aux-Roses
- 15h00** ▶ Genotoxicity and repair
-Dr **Sylvie Sauvaigo**, LXRepair, Grenoble
- 15h45** *Pause café*
- 16h15** ▶ Genome plasticity and low doses
-Dr **Jerôme Lebeau**, CEA, Fontenay-aux-Roses
- 16h45** ▶ Toxic effects of hadrontherapy
-Dr **Carine Laurent**, Archade-Saphyn, Caen
-Pr **Claudia Fournier**, GSI, Darmstadt, Germany
- 17h30** **Closing**
- 17h30-19h00** **Visit of Rome plan, MRSH, University**
- 20h30** **Gala dinner, Café Mancel, Caen castle.**

Friday 3rd July 2015

- 8h30** **Welcome - coffee**
- 9h00** **SESSION 3: Models and tools in genetic toxicology : from fundamental to applied**
▶ Opening lecture: mode of action, threshold and risk assessment in genotoxicology
-Pr **George Johnson**, University of Swansea, UK
- 9h45** ▶ Tools in genetic ecotoxicology
-Pr **Jérôme Cachot**, Université de Bordeaux
- 10h15** ▶ Use and development of the PigA test.
-Dr **Fabrice Nessler**, Institut Pasteur, Lille
- 10h45** ▶ High throughput sequencing methods as tools in mutagenesis/ methylome / MIRnome and low doses,
-Dr **Jorg Tost**, Centre National de Génotypage, CEA, Evry
- 11h15** ▶ Update on DNA damage kits
-Dr **Marc Audebert**, INRa ToxAlim, Toulouse
- 12h00** *Lunch - Buffet*
- 13h30** ▶ General meeting of SFTG (members only)
- 14h00** **YOUNG SEARCHERS SESSION: presentation of posters selected by the jury (2 x 15 min)**
- 14h30** **SESSION 4: food genotoxicology**
▶ Opening lecture: DNA damage by food contaminants: focus on aromatic heterocyclic amines
-Dr **Sophie Langouet**, IRSET, Rennes
- 15h00** ▶ Mycotoxins genotoxicity: déoxynivalenol and nivalenol
-Dr **Ludovic LeHégat**, ANSES, Fougères
- 15h30** ▶ Genotoxicity of mixtures
-Dr **Sybill Ermler**, Brunel University, Uxbridge, UK
- 16h00** **End of conference**
